Corporate Profile & Core Values

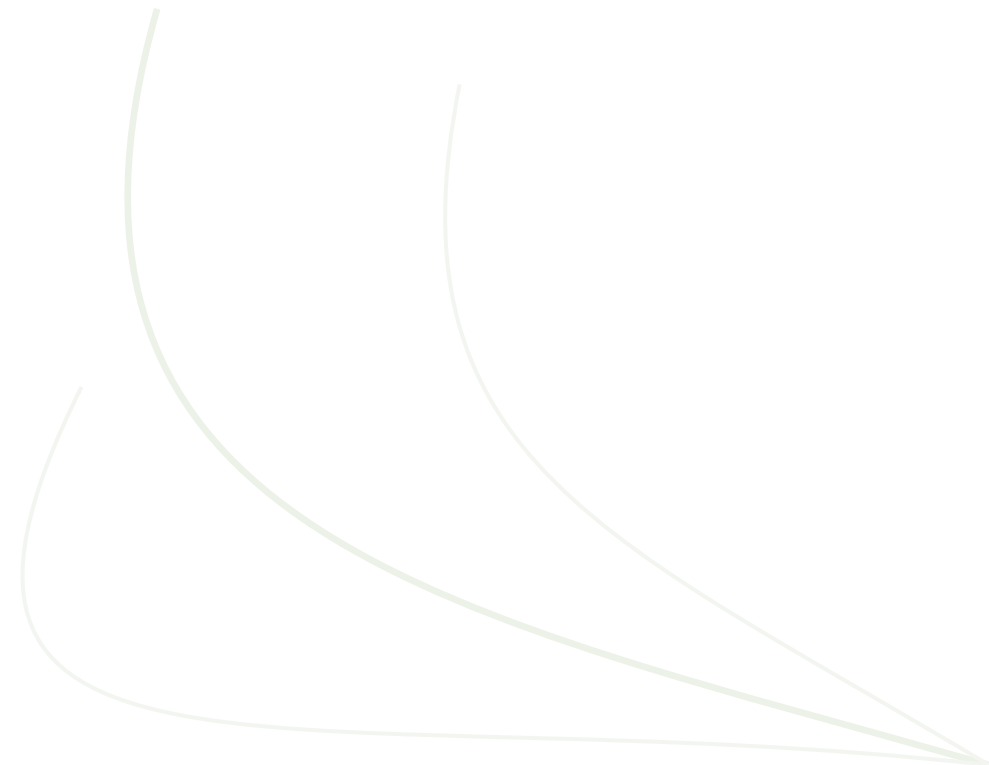

Built on over 25 years of profound generational trade knowledge, **AgriPort Life LLP™** (established 2019) has successfully scaled agrarian sourcing and global distribution networks into a seamless, unified gateway.

Why Global Importers Partner With Us

- **Quality-First Farm Sourcing:** Procured from certified estates, APEDA approved facilities, and strict quality control gates.
- **End-to-End Export Support:** 100% managed documentation, phytosanitary clearances, customs, and global freight networks.
- **Consistent Supply Chain:** Sourcing networks optimized for zero transit delays, maintaining product freshness from farm to port.

Tailored Sourcing Solutions

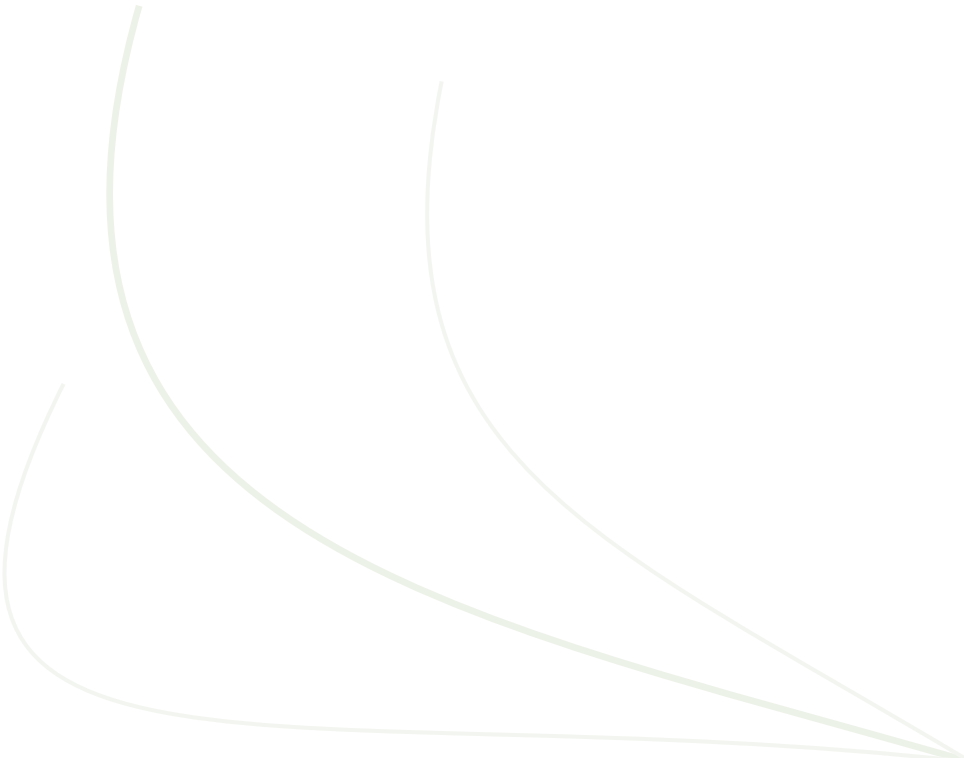

- ▶ **Custom Labeling & Packaging:** Complete private label branding and custom container configuration.
- ▶ **Flexible Logistics Management:** Mixed container load allocations (LCL/FCL) with real-time temperature tracking.
- ▶ **Ethical & Sustainable:** Direct partnerships with local farmers to promote eco-friendly and fair cultivation.

Primary Product Portfolios

AgriPort Life exports high-volume, premium agricultural commodities globally. Our catalog covers primary standard-grade portfolios:

Category	Premium Export-Grade Product Range (INDIA)

Packaging	3.8 Kg - 4.0 Kg Net Corrugated Box
Transit Time	14 – 21 Days (Active Cold-Chain)

Speciality Portfolios & Horticultural Delicacies

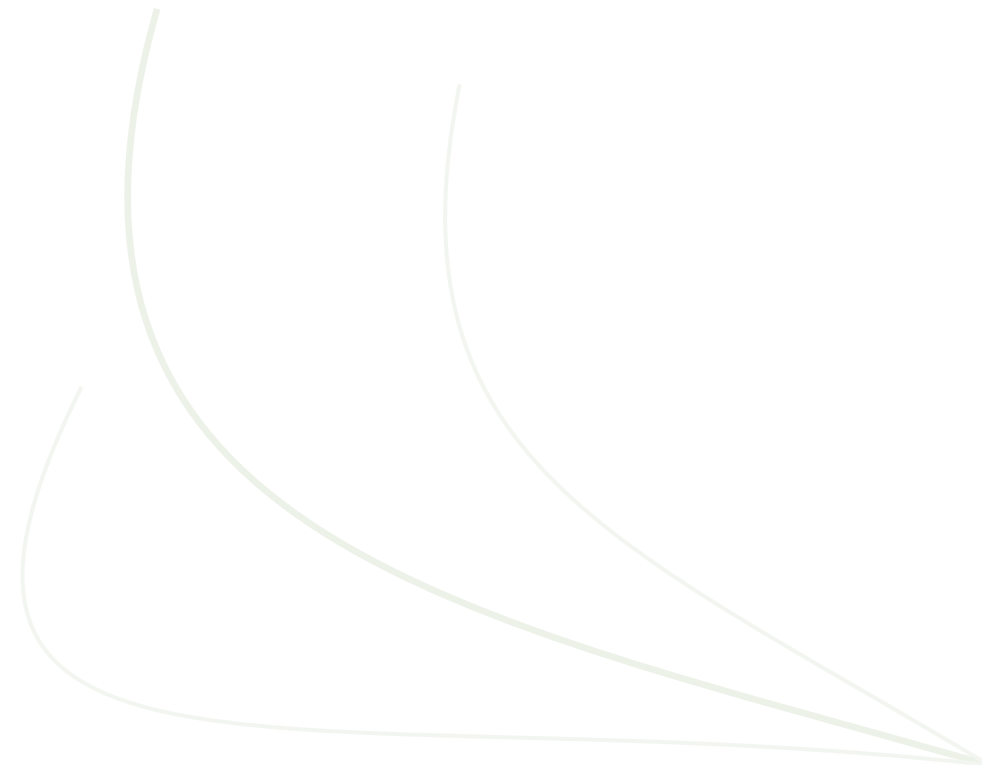

Devgad & Ratnagiri Alphonso Mangoes

- **Royal Varieties:** Authentic Alphonso (Hapus) and Badami Mangoes sourced from GI-registered coastal orchards.
- **Ripening Control:** Ethylene-free uniform temperature ripening. Custom individual foam-net sleeves to prevent transit bruising.
- **Logistics:** MOQ of 25 MT transported in strictly regulated Reefer containers set at 13°C with humidity management.

Hybrid Watermelons & Sweet Melons

- **Main Cultivars:** Sugar King, Supreet Watermelons, and Sweet Net Musk Melons.
- **Sizing Specifications:** Individually sized watermelons (2 Kg – 4 Kg) and sweet melons in standardized master cartons.
- **Transit Protection:** MOQ of 25 MT packaged in custom pulp-molded trays to safeguard against mechanical impact.

Export Consulting, Guidance & Tech Services

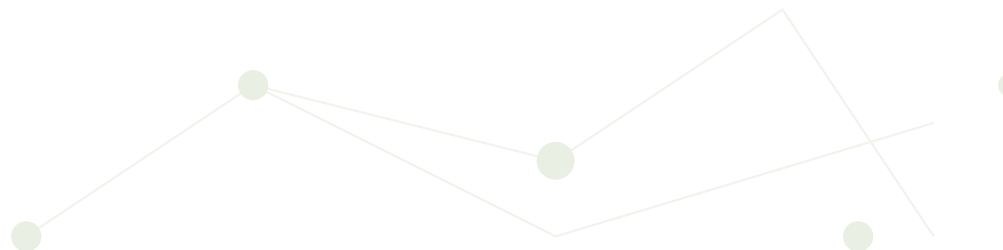

Leveraging our 25+ years of trade expertise, AgriPort Life serves as a professional advisory and consulting partner to empower global suppliers and emerging brands in agriculture exports.

Comprehensive Advisory Services

- **Multi-Category Guidance:** Technical export setup guidance for Fruits, Vegetables, Grains, Edible Oils, and processed spices.
- **Global Market Feasibility:** Comprehensive analysis of target market requirements across GCC, EU, North American, and Asian corridors.
- **Quality Control Workflows:** Setup of pesticide-residue screening, phytosanitary audit protocols, and global grading compliance.

End-to-End Trade Handholding

- ▶ **Licensing & Registrations:** Complete documentation mentorship (APEDA, FSSAI, Spice Board, DGFT IE-Code setup).
- ▶ **Logistics & Cold-Chain Setup:** Custom temperature-protocol planning for Reefer containerized shipments.
- ▶ **Buyer Matchmaking & Private Label:** Strategic advisory on international buyer contracting, packaging specs, and private labeling.

Quality Management & Sovereign Approvals

We serve as a reliable strategic link between certified Indian agriculture and global market compliance.

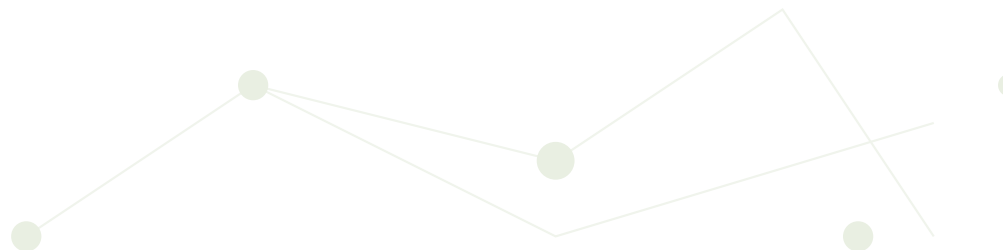

Systematic Sourcing Advantages

- 1. 100% Certified Pipeline:** Procured under strict GMP and GAP standards from certified farming estates and FSSAI facilities.
- 2. Closed-Loop Cold Chain:** Immediate field pre-cooling units at harvest points directly integrated with temperature-controlled logistics.
- 3. Frictionless Documentation:** Complete in-house handling of Phytosanitary, Bill of Lading, Certificate of Origin, and Custom duties.

Global Trade Credentials

Sovereign Licenses & Registrations: AgriPort Life LLP™ operates under official export clearances issued by government bodies:

- APEDA (Agricultural & Processed Food Products Export Development Authority)
